DISCLAIMER:

This collection is intended for private use only.

"Bards of a Feather" makes no express or implied warranties with regard to the information, material, products or services that are made available on or through the website. Access and use of items from above said locations, including information, material, products and services is solely at the user's own risk.

Members of "Bards of a Feather" are not the authors of the files (unless otherwise noted), and do not attempt to claim credit for creating them.

There has been no profit gained from producing this product. These files were made available as a convenience to you, a fellow gamer.

TO INSTALL THE FILES:

Extract the contents of the ZIP file to:
..\Documents\The Lord of the Rings Online\Music

NOTE: The "Music" folder is not a default folder setup during the installation of the game, and may need to be created manually.

BASIC STEPS TO PLAY MUSIC:

- (1) To enter "music mode", type:
 /music <ENTER>
- (2) To play an ABC music file, type:
 /play filename <ENTER>

TO PLAY MUSIC AS A GROUP:

- (1) Decide which person will play which instrument and part.
- (2) Each person must be in "music mode" (see above).
- (3) Each person types the specific filename for their part.

Example of a four-part song (Clarinet, Horn, two Lutes):

Clarinet player types:
 /play filenameClar sync <ENTER>

Horn player types:
 /play filenameHorn sync <ENTER>

Lute players decide which part, then type:
 /play filenameLute1 sync <ENTER>
 - OR -
 /play filenameLute2 sync <ENTER>

- (4) Once all are ready to play, one person will type:
 /playstart <ENTER>

NOTE:

- You must be in the same fellowship/raid to synchronize music.
- Do NOT forget to include the word "sync" when typing your part for group music to be synchronized.

PLAYING LIVE MUSIC:

- Per the LotRO website, it helps to keep music synchronized by having the Audio Option of QUANTITIZE enabled, and LOW LATENCY unchecked.
